Although the pame to-day was gripming, it was no to the ninth inning
iast a shade too perfect in its defensive phases. But for the fact that
James was plainly in the air in the
hinth, there could be no hesitancy in
tonouncing his performance the finest
piching ever seen in a world's series.
He did not allow a hit until the ixith
ming, and in the first eight innings
last twenty-four men faced him.

Only three players got to first base
in these innings, and two were thrown
wit when they tried to profit by the
momentary slips of the Braves. Scharg

a short passed ball, and Murphy was

second when Schmidt let a throw from
the pitcher slip by. In the third case
feelins was caught off first on a snap

James was a wild but winning pitchit in the National League this season,
but to-day, with the single exception
of the ninth and just in the very begining of the game, he was a veritable
fatty in point of control. Almost
feer was he in the hole to the batter.

Silently and sorrowfully Matty tore
up his own lead and, wetting his pencil,
gazed aloft again. At last came inspiration, and he wrote, but what he

Many times he succeeded in retiring a man even after placing himself in him hole, but it was the strain of this toninual pinch pitching which wore him down. He was found for seven him and he gave four bases on balls.

McInnis made a great play in the eighth inning, when he came off the bag to take Barry's wide throw of Cather's splash. McInnis touched the base by rolling over and getting his left hand on the bag.

Then came the ninth, and destiny stepped in and ended the game within the twe-hour limit.

Philadelphia, Oct. 10.-Bill James proved just a little bit stronger than that forty-year-old pitching wonder, that forty-year-old pitching wonder, Eddie Plank, and equally resourceful, equally cunning. This in few words tells the story of the second victory of the Boston Braves, of the National League, over the Philadelphia Athletics, of the American League, in crowd-jammed Shibe Park here this afterneon.

Not only have they an immense advantage with two games in their grasp, but the pitching situation now is called by the standard of the standard with the pitching situation now is called by a many rested by Tuesday. Against the pitchers the Athletics have been helpless, and the tail-end team of a few months ago now has the best shance that ever a team had to win a world's series in four straight games.

Although the pame to-day was gripping, it was not the only player at the formula of belt and cap. Why can't Eddie Plank get a belt that fits him? Eladie Plank get a belt that fits him? Plank was not the only player at the game to face difficulties. Of course he was under a severe strain, yet never was his situation so distressing as that of Matty and Ty Cobb in the sixth inning.

Odds in betting now favor Boston at 8 to 5 and even 2 to 1, a complete turnover, as the Athletics were favor-ttes before the first game on Friday.

There were two cases to-day—one when Schmidt let the ball get away from him on a snap throw from James to catch Murphy napping in the first inning and then recovered it in time to get the runner at second, the ball going to Maranville on the bound; the second time when Gowdy snapped up what would have been a passed ball in the sixth inning and caught Schang, who had doubled, trying to reach third on a lightning throw to Deal. There was only one out at the time. It made a difference.

And Meinhis to start the third inning, but the Boston fans shouted as Evers made his second hit, this time a clean single to centre. Cather flied to Baker and Evers was easily caught stealing second.

Philadelphia—Bill James pitched only eight balls in Philadelphia's half of the inning. Barry flied to Cather, Schang did the same, the fielder making a pretty catch, while Plank struck out on three in a row.

Boston—The Lraves made two clean hits off Plank in the fourth frame, but

that scored Deal with the run that won.

George Stallings and his Braves now stand in the happy position of going back to Boston for the next two games with two victories won, with the magic of Bender dispelled, the great Plank beaten in one game and the possible dread of those hard-hitting Athletics dispelled to the control of the fourth than they had in the other three, and again James pitched only eight balls to the three batters. Murphy died at first or dispelled the second for the third out when a large made a clever play on an ugly, with the plant of the fourth than they had in the other three, and again James pitched only eight balls to the three batters.

It is disappointing to break off at

on a lightning throw to Deal. There was only one out at the time. It made a difference.

One or two other little things favored the Braves. Strunk was a bit slow in starting after Deal's two-bagger in the ninth inning and Collins just missed making what would have been a miraculous catch of Mann's hit that scored Deal with the run that won.

Deal then threw out Oldring and Collies. Boston—Hank Gowdy maintained his perfect batting record by waiting out Plank and getting free passage to first. He went to second as Baker threw out Maranville, but was trapped and run down on Deal's tap to Plank. The Boston, think has many stole second by

Plank was the best hitter of the Athletics, for he winged both Maranville and Gowdy.

When Schang kicked at the decision which called him out at third base in the sixth inning Walter Maranville came to the rescue of the umpire and waved the protesting player away.

The error charged against McInnis in the eighth was a bit severe, for Barry's throw compelled the first baseman to make a long stretch.

Before the series critics said that Charlie Schmidt had a weak arm, but the made a fine throw in the first inning, when he cut down Murphy at second after missing a toss from James.

This did much to steady the pitcher, just as Schmidt's great throw in the satt had been crowned the hero of the Indian summer afternoon. Philadelphia is a city of perfect reciprocity. Many a citizen who works hard during the greater part of the year to keep a roof over his head takes no shame during world's series week at being kept by his roof, which supports a grandstand.

were parcelled out by James to help along. No wonder, then, the Athletics were beaten; no wonder Eddie Plank, as well as he pitched his way out of several tight places, was forced to acknowledge defeat.

The "breaks" of the game, such as they were, favored the Braves, but this is said more to their credit than as an excuse for the defeat of Philadelphia. When minor misplays are turned to the profit of the makers much can be said for the quickness, alertness, skill and enthusiasm of those concerned.

There were two cases to-day—one when Schmidt let the ball get away from him on a snap throw from James to catch Murphy napping in the first inning and then recovered it in time to get the runner at second, the ball going to Maranville on the bound; the second this same, the fielder making to the second time when Gowdy snapped up what would have been a passed ball in

The fireworks were touched off in the eighth. Peck singled, and Nunamake then made his home run, but the Giant then made his home run, but the Giants had something up their sleeves for their half. Merkle and Meyers singled in succession. Thorpe ran for Mcyers and Donlin hit for Marquard. Mike tripled cleaning the bases, and Pies, running for Donlin, scored on Bescher's long fly. In the tenth came Demarce's wallon.

Philadelphia's health had a remark rhitadelphia's health had a remark-able boost yesterday, when the paid ad-missions proved to be exactly the same as on Friday. This was due to the fact that every seat in the stands and bleachers was sold by ticket, but it was unusual to have every ticket holder appear at the grounds.
